

College Intern Program

MARRIOTT
VACATIONS
WORLDWIDE
SM

Marriott Vacations Worldwide is committed to the development of our interns as they are a vital part of our business and our future leaders. As a result, we have created a college internship program designed to immerse interns into our culture and business operations.

The College Internship Program is designed to last three to six (3-6) months depending upon the participant's availability and the needs of the property. Interns should expect to work a full-time schedule in this program.

Internship opportunities are available in the following departments: Front Office, Recreation, Housekeeping, Food & Beverage, Engineering, Loss Prevention, Finance, or Human Resources (corporate only).

The program cultivates knowledge, skills and abilities through on-the-job experience, as well as exposure to business leaders.

College Intern Program Overview

College Intern Program Overview	
MVW College Intern Activities	
Comprehensive Onboarding Schedule	Orientation, site tours, and team building activities
Operational Duties	Valuable work experiences while supporting operations during peak seasons
eLearning & Virtual Meetings	Broadcasts from our MVW Corporate Office with MVW Senior Leaders
Job Shadowing	Opportunities to rotate between departments and business functions
Business Case Scenario/Project	Opportunity to brainstorm project ideas, analyze problems, propose resolutions, and deliver a presentation in a business setting

Interns can expect to spend approximately 90% of the program learning and performing Operational Duties. The remaining 10% of the program may be spent on the supplemental learning activities such as eLearning, Job Shadowing, Virtual Meetings, and Project Activities as business demands allow.

Successful college interns will be given a high-level of consideration when applying for future career opportunities within the Company.

All college internships are paid at an hourly wage and are not eligible for benefits due to the temporary nature of the position. Housing accommodations are the responsibility of the intern; interns may work together to secure housing where needed.
